I am a Senior Engineer with 10+ years of experience specializing in UX/UI and Motion Design. I am passionate about collaborating to design, build, and animate complex digital products.

■ Key Accomplishments:

Building A Product From the Ground Up

Led a four-person team to build a consumer-facing product for financial services from planning to launch

Team Lead

Cultivated a collaborative team dynamic where team members are encouraged to be independent thinkers yet, work together harmoniously to achieve personal and team goals

UI/UX & Motion Design Expertise

Refined an existing product's UI/UX, increasing user growth and community engagement year over year

■ What I enjoy doing & keeps me motivated:

Design, build, and animate dynamic digital products with future-forward thinking in mind

Iterate and evolve product features to add value for the intended users

Work in small or large cross-functional teams in well-designed processes

Push and encourage team members to grow and reach their full potential

■ Technical Skills:

JS, React, Angular, Vue, Typescript, ES6

HTML, CSS3, SASS, LESS

Sketch, Illustrator, After Effects, Photoshop
